MicroStation 2004 Commercial Release now available from SelectServices Download!

This version of MicroStation includes:

- Support for DWG files R14/2000/2000i/2002/2004. No translations needed to create, edit, or reference these formats.
- Output Printing to PDF format.
- Standards Checker to help maintain standards from DGN libraries.

Spread the Word

Legal Stuff:

We do not sell Bentley products. MicroStation and InRoads are Bentley products and trademarked as such. We only offer this information as a benefit to our subscribers.

Spread the word. Pass this newsletter on to a friend. If a friend forwarded this issue to you, [sign up for your own copy](#).

About us [top](#)

The Envision Group provides MicroStation and InRoads expertise to help maximize the efficiency and productivity of your organization. We also provide visualization services to help communicate your ideas and designs.

[Click for past issues.](#)

We have been helping many clients make the migration to MicroStation V8. Let us help your organization with any of the many task involved in the migration. We can provide training for both administrators and users, update V7 standards, update V7 workspaces, and conduct a V8 Audit of your CAD operations.

will add them to our newsletter. [Let us know what is happening in 2004.](#)

MicroStation Tip [top](#)

Change Screen

Are you using two application windows? From the pull down Workspace>Preferences[Operation] Open Two Application Windows. This is for those lucky users with dual screens. Now there is the problem of moving dialog boxes from each side. Using the Bentley logo in the upper left hand corner of a dialog box you can change the screen the dialog box is on.

This also will work on Views 1-8, Tool Settings Dialog box, and Dimensions Dialog box. Have you ever double clicked the logo? Give it a try.

InRoads Tip [top](#)

InRoads Survey

Are you tired of always changing the "Files of type" so you can import your data collector format? You can modify the list so your collector will be the first one.

Before making any modifications to the following file please make a backup first. The file is found in C:\Program Files\Bentley\Civil\data\Impexp.ini

Open this file in Notepad and find your data collector in the list. Cut and Paste your data collector to the top of the page. Once you restart InRoads Survey and go to File>Import>Survey Data your collector should be the first one.

Have a MicroStation or InRoads question? [Submit](#) it to us and you just might see your answer in next months newsletter.

On-site Training [top](#)

How you can benefit from on-site training

- Eliminates travel expenses.
- Option of working with your data vs. “off-the shelf” material.
- You can train twice as many people compared to off-site classes.
- Project work can double as training material.
- Your computers, your network, your facilities, your schedule.
- Flat rate from us, no hidden or undefined costs

With as few as 3 or 4 students, on-site training can save you money.

- [Find out more.](#)
- [Request a quote for training customized to your needs.](#)

Our Guarantee

We want your investment in training to be a smart business decision. Therefore, any student can retake any class for any reason without incurring additional registration fees. Just that simple.
