## Time to update your systems?

Scientists from the RAND Corporation have created this model to illustrate how a "home computer" could look in 2004.

Need updating? Let the Envision Group assist you with your MicroStation or InRoads implementation or upgrade. We can work with you to develop an efficient CAD system, documentation, workflows, implementation, development of training material, and delivery of professional training. If you are interested in these services, please [contact us](#).

## MicroStation Tip - January 2005 [top](#)

Finding that you have duplicate, identical elements in your design file? Here is an easy way to clean-up your design file (remember to always make a back-up of your file first).

MicroStation 'J' – 'deldup.ma' can be found under **Utilities>MDL Apps [Browse]** to load DelDup & follow the prompts.

MicroStation V8 – Use **Utilities>Data Cleanup** also investigate the options for other types of element verification.

## Onsite Training [top](#)

### **How you can benefit from onsite training**

- Eliminates travel expenses.
- Option of working with your data vs. "off-the shelf" material.
- You can train twice as many people compared to offsite classes.
- Project work can double as training material.
- Your computers, your network, your facilities, your schedule.
- Flat rate from us, no hidden or undefined costs

**With as few as 3 or 4 students, onsite training can save you money.**

- [Find out more.](#)
- [Request a quote for training customized to your needs.](#)

### **Our Guarantee**

We want your investment in training to be a smart business decision. Therefore, any student can retake any class for any reason without incurring additional registration fees. Just that simple.
