Create Custom Toolbars

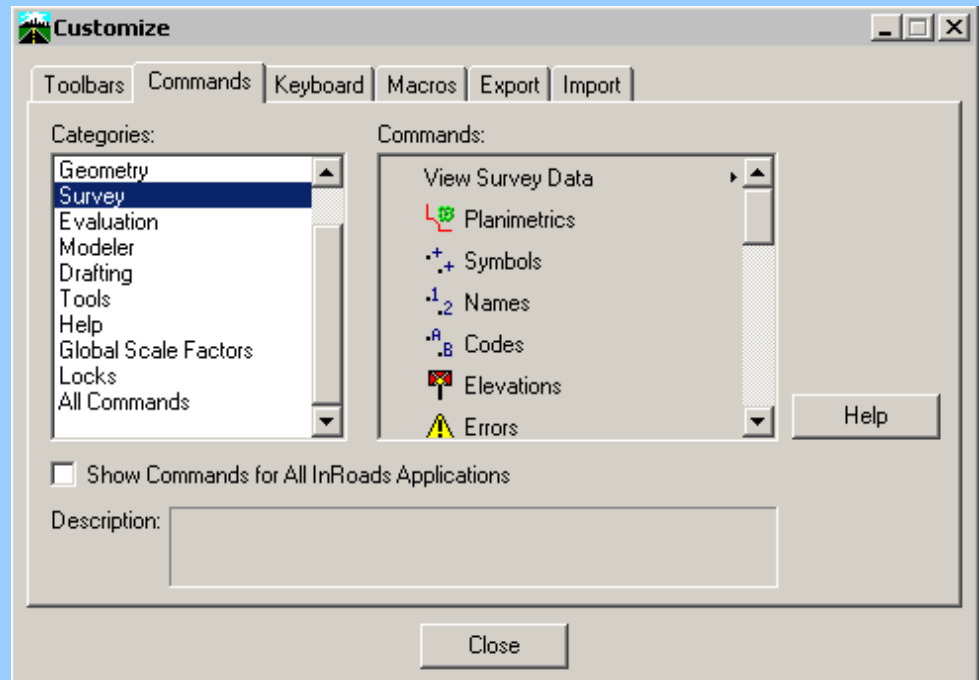

Tired of navigating the pull down menus in InRoads?

Did you know you can easily create your own menus?

From the InRoads menu use:

- Tools > Customize
- Select the [New] button
- Type in the name of the toolbar you wish to create (mytools, etc.)
- Selecting [OK] will create a blank (small) toolbar on your screen
- Back on the Customize dialog, click the Commands tab
- Select any Category on the left side of the dialog
- Click on any command shown and drag-and-drop onto your new toolbar
- Keep selecting Categories and command to populate your new toolbar
- To remove a command, simply drag it off the toolbar
