Embassy Suites Hotel - Tampa, Florida

Are there TMC Meetings, Seminars, Trade shows, and Conferences you think are interesting? [Let us know](#) and we will add them to our newsletter.

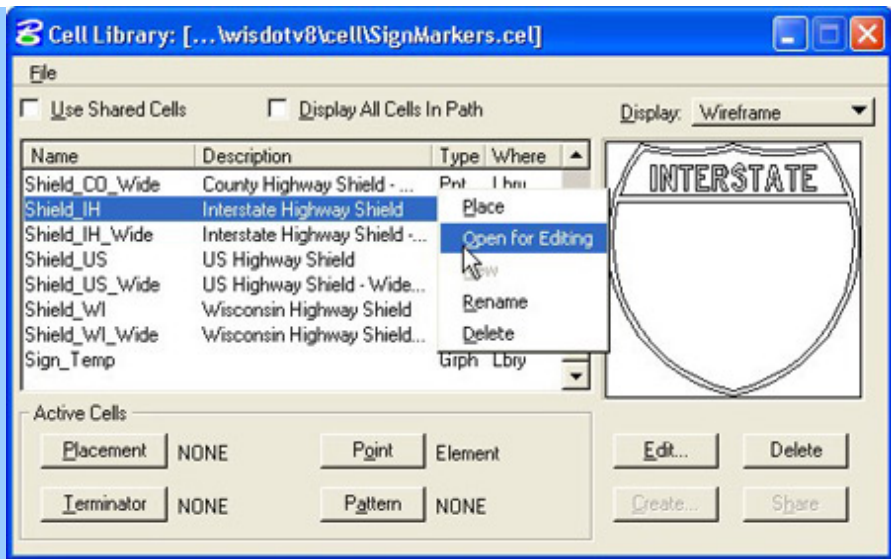

MicroStation Tip - October 2005 [top](#)

Editing Cells Quickly

Hopefully by now you have been using MicroStation V8 and have realized how nice Cell Library management has become. Here is one more tip that should help you be more efficient.

From the Cell Library dialog 'Right click' a cell name. 'Click' the Open for Editing option, your current design file will close and open the CEL file and model. This works similar to the Exchange tool for reference files.

CAD Managers if you haven't protected or made your standard cell libraries read only you better do it quick. Sorry...

InRoads Tip - October 2005 [top](#)

Application Add-in Global Scale Factor

When displaying your data from InRoads the scale factors for text, cells, and line styles are important and you may need to change them frequently for varying sheet scales. Instead of opening the very large Factors tab on the Options dialog box you can add the much smaller Global Scale Factors dialog.

- To load this dialog to the InRoads pulldown menu Tools > Application Add-Ins...
- From the Application Add-ins dialog box select the check box. Global Scale Factors Add-In
- Now you will be able to find it under the InRoads pulldown menu Tools>Global Scale Factors...

With this smaller dialog you will be more likely to leave it up for easy access.

Onsite Training [top](#)

How you can benefit from onsite training

- Eliminates travel expenses.
- Option of working with your data vs. "off-the shelf" material.
- You can train twice as many people compared to offsite classes.
- Project work can double as training material.
- Your computers, your network, your facilities, your schedule.
- Flat rate from us, no hidden or undefined costs

With as few as 3 or 4 students, onsite training can save you money.

- [Find out more.](#)
- [Request a quote for training customized to your needs.](#)

Our Guarantee

We want your investment in training to be a smart business decision. Therefore, any student can retake any class for any reason without incurring additional registration fees. Just that simple.
