Modify a Vertex

When using the Modify Element tool on a vertex take notice of the Tool Settings dialog box. After selecting a vertex the Vertex Type is shown as Sharp. From the drop down selection change it to Rounded and define a Rounding Radius.

The best part is it works in V8 and J!

[Robert Mecham](#) is a partner with the firm [The Envision Group](#) in Madison, WI. The firm specializes in MicroStation and the InRoads Suite of products. In addition to providing training for MicroStation & InRoads, they offer visualization services and consulting for clients throughout the United States.
