Change AccuDraw Display

There is a handy little key-in that will change the rectangular display of AccuDraw. Using the below key-in you can change the X Y readout to Northing and Easting.

In the key-in browser type **“accudraw settings northeast”**

To change it back the key-in is **“accudraw settings xy”**

Robert Mecham is a partner with the firm [The Envision Group](http://www.TheEnvisionGroup.net) in Madison, WI. The firm specializes in MicroStation and the InRoads Suite of products. In addition to providing training for MicroStation & InRoads, they offer visualization services and consulting for clients throughout the United States.
